Welcome

It is my pleasure to invite you and your organisation to the 13th Annual New Zealand Orthotic & Prosthetic Association (NZOPA) Conference. The premier event for Clinicians and Technicians providing Orthotic and Prosthetic services in New Zealand. Since 2009, the NZOPA has held an Annual Conference connecting you with our members from Northland to Southland. This year's theme is:

Vision to Reality: Innovative P&O Solutions

We are excited to extend the opportunity to providers in the O&P Industry to attend, display and/or present at this year's Conference. Our previous conferences have been very successful and we envision that this year's will be even better! For the first time, The NZOPA Annual Conference is aiming to create a specific programme for our Prosthetists, as well as the Orthotists.. We believe offering seperate content programming with attract more attendees, providing more opportunities for our exhibitors to connect with our members.

We are extending this invitation to your organisation to sponsor and exhibit. Our members work on the front line of the Orthotics & Porsthetics industry. This is a valuable opportunity for you to share how your information & products can improve patient and industry outcomes.

If you have any queries please don't hesitate to reach out.
